IV. Excess Contribution Election

Amount of excess: \$ _____ Tax year for which excess contribution was made: _____

Date deposited: _____

Earnings will be removed with the excess contribution if corrected before your federal income tax-filing deadline (including extensions), pursuant to Internal Revenue Code Section 408(d)(4) and Internal Revenue Service ("IRS") Publication 590. You may be subject to an IRS penalty of 6% for each year the excess remains in the account. In addition, the IRS may impose a 10% early distribution penalty on the earnings, if you are under age 59½. You will receive IRS Form 1099-R for the year in which the excess distribution takes place (not for the year in which the excess contribution was made). Consult IRS Publication 590 for more information pertaining to excess contributions. If you are subject to a federal penalty tax due to an excess contribution, you must file IRS Form 5329.

For the purpose of the excess contribution, we will calculate the net income attributable ("NIA") to the contribution using the method provided in the IRS Final Regulations for Earnings Calculation for Returned or Recharacterized Contributions. This method calculates the NIA based on the actual earnings and losses of the IRA during the time it held the excess contribution. Please note that a negative NIA is permitted and, if applicable, will be deducted from the amount of the excess contribution.

A. The excess is being corrected before your federal income tax-filing deadline (including extensions):

- Remove excess plus/minus net income attributable. Distribute according to my instructions in **Section VI** of this application.
- Remove excess plus/minus net income attributable. Re-deposit as a **current year** contribution (not to exceed annual IRA contribution limit).

B. The excess is being corrected after your federal income tax-filing deadline (including extensions). Earnings on the excess contribution will remain in the account.

- Remove excess and distribute according to my instructions in **Section VI** of this application.
- Remove excess and re-deposit as a **current year** contribution (not to exceed annual IRA contribution limit).

VII. Tax Withholding Election

Federal Withholding

Federal income tax will be withheld at the rate of 10% from any distribution, subject to the IRS withholding rules, unless you elect or have previously elected out of withholding. Tax will be withheld on the gross amount of the payment even though you may be receiving amounts that are not subject to withholding because they are excluded from gross income. This withholding procedure may result in excess withholding on the payments. If you elect to have no federal taxes withheld from your distribution, or if you do not have enough federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. If you are completing this form, your below election will remain in effect until such time as you make a different election in writing to the Custodian.

Please select one of the following:

- I elect **NOT** to have federal income tax withheld. *(This option is only available for accounts registered with an address in the United States.)*
- Withhold 10% federal income tax
- Withhold _____ % federal income tax *(must be more than 10%).*

State Withholding

Your state of residence will determine your state income tax withholding requirements, if any. Those states with mandatory withholding will require state income tax to be withheld from payments if federal income taxes are withheld. Voluntary states let individuals determine whether they want state taxes withheld. Some states have no income tax on retirement payments. Please consult with a tax advisor or your state's tax authority for additional information on your state requirements.

- I elect **NOT** to have state income tax withheld from my retirement account distributions *(only for residents of states that do not require mandatory state tax withholding).*
- I elect **TO** have the following dollar amount or percentage from my retirement account distribution withheld for state income taxes *(for residents of states that allow voluntary state tax withholding).*

\$ _____ or _____ %
